Liceo Ulivi meets Europe in Trikala

Comenius Word-Crossing second meeting: February 18-24 at 5[^] Gymnasio Trikalon in Trikala, Greece

Attending the *Wordcrossing* project meeting was an extraordinary experience for the Liceo Scientifico Ulivi delegation.

Madalina Gheghici (2[^]E), Luca Lauria (2[^]E), Paolo Tagliavini (2[^]H), Greta Cerati (2[^]H) Luca Rossi (4[^]F) and the teachers Adelinda Re and Giordana Mutti were hosted in Thessaly by 5[^] Gymnasio Trikalon together with the other delegations: Insitut Pere Vives Vich, Igualanda, Catalonia (Spain); Gymnazjum Publiczne in Romana Czerneckiego, Slupia, Swietokrzyskie (Poland); Colegiul National Mihai Eminescu, Baia Mare, Nord-Vest (Romania); Süleyman Demirel Anadolu Lisesi, Hatay, Akdeniz (Turkey).

Here is what participants said:

“The days in Trikala were full of excitement: at school, all partner students gave presentations of their favourite writers and books, met a Greek writer and held a contest to choose the project’s logo and anthem. Despite the rain, we discovered

extraordinary places, like the amazing Meteora, and even learned a few steps of traditional dances!

The meeting was a real opportunity to understand we are moving in the right direction to achieve the goals of our project: increasing our intercultural awareness in a European context, promoting reading (Word-crossing) and gaining better linguistic competences in both mother language and English.

We are now getting ready for the last meeting this year, which will be held in Baia Mare (Romania) in April. We are reading books suggested by our partners, working on presentations and preparing for workshops. Our activities will continue next year with the meetings in Italy, Poland and Turkey.

Thank you from all of us!!!
